“ It's taken me almost two weeks to acknowledge that Ed is gone. He and I were Sunland kids, Navy brats and we grew up playing little league ball together. He was a great ball player, me, not so much. We bowled together, joined the Army with Larry together and got out of the Army together. We were security guards for Wells Fargo, movers for United and finally, Charles Chips route drivers. Even though I rejoined the Army and moved away, we still kept in touch and whenever I came down, we got together. On a couple of occasions, he came up and visited me in TN. I just moved back to Florida three months ago and we were looking forward to spending much more time together. Unfortunately, that can't happen now, but at least he's at peace. Ed, you were the big brother I never had and you'll be sorely missed. Love you, Rest In Peace brother.

“ I met Eddie about 2 1/2 years ago. I called him to get an estimate on getting my lawn mowed. He started that day and came every 2 weeks on Tuesday. I looked forward to seeing him and talking about what he'd been up too and he'd ask about my dogs and tell me about his at home. He always made sure my lawn looked great before he left. I never trusted anyone else to do it but him. My lawn will never look the same. I will miss you Eddie and our talks . Fly high Eddie. RIP my friend.

“ I met Eddie at the American Legion. He was a great friend who never had a bad word to say about anyone. He would ask me to sing "Crazy" for him on Karoake nights for his mother who had passed. He said it was her favorite song. I'll always remember Eddie when I sing it again. You are and will be missed, my friend.

“ A man who always had a kind word and cared more about his friends and family than about himself. Truly a treasure to all who knew him. I will miss him very much. Rest in peace my friend.

“ I have known Eddie since he started delivering chips and cookies to my families house when I was just a teenager when he worked for Charles Chip I looked forward to seeing him almost every week at some point. I recently got back in touch with him when he started mowing our yard back in 2011. Eddie is the most sweetest and kindest man I know. I am going to miss seeing him on Wednesday and our long talks. I am sure I made him late for his next appointment. He always had time to listen and let me vent and always had great advice and told it like it was. We had some great conversation about politics and what ever was going on at the time in the news. He will always have a special place in our hearts and will be missed dearly by us all. Love Liz, John, Tasia, Stormy.

“ When my family moved here in 1971 Eddie was my first friend. I went to the bowling alley to sign up for a teen league, and I ended up on the team with Eddie and two of his friends, Jimmy Clark and Larry Bedenbaugh. Eddie and I hit it off instantly and I felt like I had known him forever. Probably the reason for that was he was so damn funny and he kept me laughing all the time. We also bonded over our shared love of the Beatles. I spent a lot of time at his house listening to their records and sometimes having dinner with his family. He also is the person who got me started going to karaoke at the American Legion, and we always had so much fun! I will always love and miss my true friend of 50 years RIP EDDIE
