“ Brittnie and I knew Gloria for only about five years but even in such a small amount of time she had a big impact on our lives. She was always so sweet and so kind. She was a real angel and she will be sorely missed. God bless you Gloria and thank you for being you.

I'll never forget the last thing you said to me misses so much kind of worried about you but he'll be okay because you took care of him when he was at his lowest point thank you for that.

“ I will truly miss you. I know you're at peace now. Thank you for everything especially these past three years! I enjoyed every minute of our time spent together we had some great times didn't we Cranes Roost Park, and are eating out routine. Especially when I make the wrong turn and I said who cares will get there sometime nobody is waiting on us! I'm sorry we didn't make it to the beach but you will be there soon. Life is going to be tough without you but I'll go back and think of all the great times we had together in the love we had for each other that will make everything okay. I could go on and on how much I miss you already but I think you know that. I hope I know that you're at real peace now, and one day I shall join the rest of you. I picture you up there in heaven Beside our Lord and Savior Jesus Christ because I know you're at his hand because you were one of his special angels on this Earth. He blessed us when he gave us you. I love you Mom more than words can ever say and miss you more than I can ever say. Your loving daughter Pamela
