

## John Charles Stoner

November 9, 1939 - September 28, 2019

John Charles Stoner, 79, passed away September 28, 2019 at home in Orlando, Florida. Born in Fostoria, Ohio, John was a loving husband, wonderful father, and an exceptional man.

Professionally, John was a board certified Otolaryngologist, facial plastic surgeon and USAF flight surgeon. As an ENT, he enjoyed his technical work in surgery but he especially prized his time serving his country in the USAF. He lived by the Air Force core values: integrity first, service before self, and excellence in all we do. His favorite position was that of a Squadron Commander, because that was the highest position a service member could achieve and still work with the young airmen. He loved to help them form their own futures as a wise and experienced mentor.

A quiet man, John could be funny when least expected. John carefully chose his friends and then regarded them highly. Family was especially important to John, and he loved spending time with his children. And he adored his wife, Jacqueline, who adored him as well. He lived in a happy home.

His family will say their final goodbyes at 8:30 AM Thursday, October 10 at Holy Family Catholic Church 5125 South Apopka Vineland Road in Orlando, FL 32819

John will be laid to rest with Military Honors at 12:30 PM Thursday, October 10, at Cape Canaveral National Cemetery 5525 US-1 North Mims, FL 32754.

“ Some of my best memories of my Dad as a young boy were driving in the car together in Salem. We'd drive to his medical office, to football practice, or just running errands around town. Most of the time he was listening to a medial cassette tapes and drinking coffee out of an open mug from the house. I remember sitting in the passenger seat mesmerized, and wondering if the coffee was going to spill out or if he'd be able to keep it in balance through the stops and turns. Sometimes, when I take my kids to school in the morning I'll bring my own open mug of coffee with me, and deep down inside I know I do it because it reminds me of my Dad.

“ I miss you, dad. I remember our adventures. When I think of you, so many vivid images and memories flood my mind. I remember swimming with you at our pool in Salt Lake. I remember driving from SLC to Alaska, towing a camper-trailer on Al-Can Hwy. We built forts in the back of the Scout and drove and drove and drove on a seemingly endless dirt road. I remember you LOVED the Scout. (sorry I totaled it when I was 18) I remember skiing with you on Mt. Hood. I remember you in your rose garden. I remember hamburger chili with red kidney beans followed by chocolate ice cream for dessert. Mostly I remember loving you.
