“ So sorry to hear of Bobby's passing. He was always a favorite at our house when I was growing up. A special man with a special gift. May your beautiful memories consume you, forcing your grief to submit. I'll always have fond memories of Bobby and his gator hunting, fishing and wild tales.

“ Bobby and I met when he was 14 years old. We became friends all most at once. We hunted and fished all over the state of Florida until Bobby turned 18 then he joined the army I join the army about 6 months later. We got out in 3 years. When I got home Bobby was there waiting . We started a few jobs together none stick. Then I moved to Belle Glade Bobby got married. We lost touch but found each other 50 years later. Now I lost my best friend again. It hurts

“ Dan,
Dad and Mom have told me a few stories of your friendship. I know you and your parents were a very important part of Dad's teenage years and beyond. I hope you find peace in remembering that you had those years together with many laughs and happy memories. You are a great friend, Dan, and I am truly happy that he and I had you and your family in it.
