“ I send my deepest condolences to the family of Ms. Rosemary. She was a great person and friend. In many times of my life she was there for me and my 3 daughter's. Not only did she share fun times during special holidays she gave me a job So that I was able to provide for my girls. Helping someone out in times like this is memorable and makes you want to extend yourself when you can. Thank you for allowing her to be a wonderful person and great woman. She will be missed by many and always loved by those who knew her.

“ Ro was my dearest friend of 34 years. We shared laughs, love,silliness, sadness and strength together. We shared life's frustrations together; particularly when her illnesses began in 2008.  
Rosemary never complained and had an inner strength that few of us could match. She fought a brave fight through rheumatoid arthritis, congestive heart failure, factor 8 deficiency (hemophilia), short term memory loss and her final battle with lung cancer.  
You are in my heart forever. Now rest in peace. May God and His Most Blessed Mother wrap you in their arms.

“ I will really miss her what a wonderful woman . As she was going she told me "it's ok" she was so brave as I was holding her knee kneeling by her side on her last moment of life trying to console me. I will treasure her and the time I felt as God took her to Heaven . Her eyes were bright and open she had no fear looking straight up to Heaven she had love and peace . It was a very sad but beautiful moment I know God and Jesus was with us as she went with them . Angels are real she just changed my life in that moment I will never be the same . Please lord hug her for me .
