“ If I should go before the rest of you

Break not a flower nor inscribe a stone

Nor when I'm gone speak in a Sunday voice

But be the usual selves that I have known

Weep if you must

Parting is Hell

But life goes on

So sing as well

“ This is so horrible to hear he was a great friend to me all in middle school and we stayed friends ever since. He was a amazing friend to me he did most of my tattoos we stayed up all night one night because he just wanted to tattoo so I let him we had so much fun. I will miss him very much! He was one person I could just call at any time and just vent to him and he would listen and then he would vent back and we would both help each other. I will always miss you Alex thank you for being my friend and always caring so much. I love you ❤️

“ I really don't know where to start.
No matter what; no matter how big we taught you always forgave me. You would always be calling me to tell me about something that pissed you off then we would laugh. Thank you for my 21st birthday thank you for always being there no matter what. Always loving me. I wish there was a way for me to all you right now. Because god I need you right now. Everything is falling apart. Until we see each other again..
