“ Momma,

It is so hard for me write on this page. No words can describe how I feel about the loss of a loved one. I have known you and your family for the majority of my life. You and your family have always been good to my daughter Kelcie and me even when we moved down here back in 2002. I felt really bad that I could not make it to your funeral because of our car accident on March 25th, and I feel hurt at the same time. Now I come to you to ask for forgiveness, because I wanted to be there for Luis, Elbin, dad, and the family. It was just hard for me to drive long distances after the car accident. I know Jorge Junior and Antonio were are already there to see Dad the following weeks. Antonio has gotten so big mom and I'm very proud of him, and I know that you are too. I know that you are always watching out for us, and I know that you will always remain within my heart and in the family's hearts I love you with all my heart you will never be forgotten. Here's the picture taken with you and Kelcie when we first came out back in 2002 and here is the picture of Kelcie now this year in 2016 she's the one in the jean jacket. Also pictured is my husband the tallest man, me in the white dress next to Kelcie, my son Nicholas in the light blue, and then my sister Susan in the green dress, her husband Jeff beside her, and then my nephews Christian and Brendan which are next to Nicholas. We all wish you peace in the gentle Heart of Jesus and we will see you one day; we love you and we miss you. God bless you and the family, and remember we will see you one day. Amen. “ I remember when I first met Alicia. It was back in High School when i came home with Elbin. Alicia, as well as Jorge, accepted me into their home and as part of their extended family. Alicia had become like a second mom to me and I loved her dearly as did everyone who had ever met her. She was always so full of life and always had a smile. She could always find the good in everything.

Alicia was a loving wife and a proud mother and grandmother. She looked at life as a celebration and would always honor the memories of others and would light a candle and say a prayer for anyone in need.

I feel blessed to have known Alicia in my lifetime and she will live forever in my heart, never to be forgotten.

With all my love to Alicia and to the family.

I have been reflecting on all of the Christmases, New Year's, and hoiddays we had together when you lived in Colorado and how much I will cherish those memories. “ My beautiful Tia, I have been struggling with this for awhile. Wasn't sure what to say. In all honesty I'm still shocked and in disbelief. I keep hoping it's a nightmare and I'm going to wake up and hear that beautiful laugh of yours. I remember the very first time you and Tio took me with you to Florida. It was me and my mom and I was a little scared because I've never been outside of Chicago. But you and Tio made it so fun and made me feel so comfortable it was just like being home. But that's you Tia. You always made us feel at home and loved. You such a beautiful woman inside and out. I love you so much and I miss you more than words can say. I know your in a better place and watching over us but it's still hard. I'm going to miss your laugh, your smile, your hugs, I'm just really gonna miss you! I LOVE YOU TIA ALICIA ♡. “ *Mí tía Alicia, I can't find the words to describe how I feel, so I push them away and try to be okay. Yet, I still feel a void in my heart, as it's so surreal. I can't believe you're gone. Like all the family members, I'm in disbelief and heartbroken. I have so many wonderful memories of you! I still have my quiceañera photo album you made for me as a Christmas gift so many years ago (which I'm very protective of), the doll which still wears the replica of my quinceañera dress, the memories of you and tío as mis padrinos, and all four of my kids still have their name pillows you made for them at my request. Thank you mí tía. I miss your smile, your laughter, the sound of your voice, and the love you have for us all. I hold dear all the memories I have of you. I worry the most about tío and grandma. You and tío are the perfect couple for each other. I always loved hearing him call you Ali and I miss you. Tía, please keep a watchful eye out for grandpa until we are all reunited again. I hope you know how much you and grandpa are loved and missed by us all. Hugs, love, and kisses to you. Bendiciones a mí tía Alicia.*

I was nervous asking for such a huge favor! The day we asked both of you, you said yes!!! Knowing that my boys would have you for their mother, if they did have me gave me great peace!!!! “ My sister Alicia

I will miss

- how she would lovingly introduce me as "this is the baby of the family"*
- that beautiful thick head of hair*
- how she would travel great distances to be with family and friends*
- the best pico de gallo salsa ever!*
- how she loved family traditions and would keep them alive by gathering family and make wonderful tasty meals to show her love and celebrate life with family & friends*
- how she loved get togethers*
- how she would welcome all into her home*
- how she loved lighthouses and I will think of her every time I see one.*

She was very proud of her family, especially her boys - both sons and grandsons and her marriage to Jorge. He is her perfect partner.

She could make jewelry, could fix anything - plumbing, electrical - she got that from our Papi. They are together.

Mami cries "mi hija Alicia..."

God bless Ali - I love and will miss my sister Alicia.

Annette*

“ Hey Mom, I know that you are up there watching over me and probably shagging your head. You will be greatly missed, but never forgotten. People ask me how am I doing, and I say pretty good. I'm looking at it like this: she is not having anymore issues with her health, (my sense of humor) no longer has to fear the dentist, and is up there having a great time watching over us and being with those who have passed (including her father). I love and miss you ma.

“ Mom, you were such an amazing person, almost nothing was broken because you would Macgyver something to fix it, where someone would see defeat, you saw a way to fix whatever it was. And that is the way you lived your life. You and Papi have taught all of us so much, and for that I will be eternally grateful. Papi is more reserved and you were more outgoing, but together you two made an amazing and unstoppable couple. I could never ask for better parents. We talked about when it was your time, that you would get to see Grandpa, there is no doubt that you two are together again and enjoying each other's company. I am one for not saying I Love you easily, but with all my soul I Love you, mom and miss you. GOD bless everyone that have been touch by your presence mom.

“ No words can suffice to express the loss we all feel we all wish for one more day, one more word ,one more touch. We don't understand why she left this Earth so soon or why she left before we were ready to say goodbye.

Little by little, we remember that she gave us memories that are too beautiful to forget. She was the cool Aunt I love watching play video games especially the Atari game, Adventure, she would light up when she talked about her beloved sons and grandchildren, and how we all were inspired by the unquestionable love affair she had with her best friend and rock her husband and my godfather Jorge. He affectionately called her Ali. And just like the other person we know as Ali our Ali was the greatest and will never be forgotten.

Thank you my godmother for all your love and life lessons. Even now you remind me not to take anything for granted. I love you and the rest of my Tellez family.
