I believe in my heart gods plans for her on earth were cut short i admit....But make no mistake, whoever is responsible for the senseless tragedy will be held accountable in due time....Have faith and comfort in knowing that and that she is surrounded by our loved one's who have passed before us.Till we see you again my Friend!We will never forget you... “ Kathy - Friends mom posted a condolence *I'm so sorry to hear of this! Allison came to my house many times with the my three kids in high school and always had a bubbly face a contagious laugh and an upbeat attitude, and she would call me Mom! She was always nice to me and I know things got hard in her life but I'll always remember her as being that bubbly pretty teenage girl*

“ *Ricky Leverock - Friend of a friend posted a condolence To the family and Friends of Alison, Prayers are with you all during this very unfortunate situation and terrible loss of Alison. I was informed about the tragic incident late last night. I only met Alison one time however seen her twice as she was visiting a mutual friend named James. I can say that she was indeed a very vibrant & very smart young lady. My condolences are with each & everyone of you during this time. It is a time to reflect on the great memories you all shared with Alison during her short life. Unfortunately I have also lost a close family member a bit younger than her in a similar incident who was laid to rest at the same cemetery. Though the depression set in, it influenced me to go through the Manatee County Police Academy becoming Certified in the State of Florida to allow me to take part in investigating these types of crimes in my earlier life. I guess what I am trying to make a point on, is I encourage each one of you to look at the great times you all spent with her in positivity and think how this incident can make each one of you a better person. Alison I am sure would want this. God bless you all and my prayers are with all family and friends.*

“ *Jennifer Houle - Billy's sister posted a condolence This is a senseless tragedy and we are trying to make sense of it all. Allison was making great progress in overcoming the challenges in her life. She was making plans for her future and seemed to be coming to terms with her past. I take comfort in the fact that she didn't suffer but am troubled by the fact that there wasn't time to communicate thoughts and feelings. I regret that I won't get to watch her accomplish her goals. My heart is broken for my brother Billy as she was his whole world. I also grieve for Bella as well as all other family and friends who will be affected by this sudden loss. Fly high Allison and be at peace.*
