MR

“ *Amy was always one to be there for others when my Mom passed away March 2015 she immediately text me sending her condolences then my Dad passed August 2016 once again Amy offered her condolences and offered to help anyway possible she had the biggest heart. My heart is broken knowing I will never get a text again just letting me know she was thinking about me but I feel comfort knowing she's in a much better place no more pain and no worries. I miss and love you girl ❤️*
