

Andrea lyn Bunsa

October 29, 1951 - September 27, 2010

Andrea Lyn Bunsa passed away on Monday, September 27 at 8:20pm. She was in her home, holding hands with her husband, Jim, and her daughter, Jennifer, when she took her last breath. She passed peacefully and quickly.

Andrea is survived by her father, Robert W. Deatrick, her mother, Jean Deatrick, her 2 sisters, Nancy Greenewalt and Janice Bond, her husband, Jim Bunsa, and her daughter, Jennifer Bunsa. She was born on October 28, 1951 in Michigan and moved to Florida with her family when she was 4 years old. She went to college in South Florida and graduated with her Masters in Education from Barry University in South Florida. She taught elementary school for many years and then got her license to be a Media Specialist. She was a Media Specialist at Keeth Elementary for many years and then at Wekiva Elementary before retiring in 2007.

Andrea was battling both Wegeners Granulomatosis (an auto-immune disease) and colon cancer that had metastasized to her liver. She underwent so many procedures - a colon resection, liver surgery, embolizations, and countless chemo treatments. After retiring, she traveled almost non-stop with her family. She went to Holland, Italy, France, Spain, Norway, Denmark, Hawaii, St. Thomas, Scotland, Puerto Rico, and many other places within the US. She did all of this while having to be dialyzed several times a week.

Her passion for life and sense of adventure continue to be contagious and inspirational to so many people. She was always the life of the party. Please join her family in remembering her on Saturday afternoon from 3:30-6:30 at their house in Wekiva. Call 407--788-8509 for directions.

“ Andrea and I taught together the first year of my career and her first year in Seminole County. She helped me a great deal that year. Andrea was a very warm and friendly person, I am honored to have had a friend in her.

I hope that you find peace and comfort in the memories that you all hold in your hearts.##imported-begin##Lori Alnbinder##imported-end##
