“ Jim and I met AnnE during a very stressful time in many lives. John was one of 5 of us who had lung transplants during a 6 week period. We basically lived in each others pockets during the three months there. AnnE was incredible during that time....most of the caregivers were guys, who, I think she decided did not have a clue as to handle things so close to what could be out of control for us all. She was like a other hen, talking, encouraging, kicking us in the you know where, when needed.....made her famous key lime pies for us all, coordinated picnics and fun times....she was incredible. Our friendship has remained.....Jim and I were so worried about her during this past month....and trying to contact...via text, phone and emails, and cards. I texted her again last Wednesday with thoughts and prayers....and then Jim called her again this past Thursday and left a message.

We will mourn, with the rest of our TX group, our loss of AnnE, but we will celebrate the life of AnnE and are so glad and know we were blessed to know this incredible wonderful woman!!!

Jim had a special name for AnnE....he called her "Ms. Clamshell" because he told her that she was tough on the outside and warm and tender on the inside.

Bless you AnnE as you blessed our lives,

Kathy and Jim Patrick
