“ From our first meeting with Tony, in 1984-1985, our lives were changed forever. We had only been around our teachers from Catholic grade and high school, up to that point. He brought a new closeness and feeling of belonging into our lives. His compassion and feeling for our family and friends made us forever grateful. He sponsored and looked after so many of his students. We had the privilege of his support and compassion for all whose lives he touched. I know God has welcomed him home . We shall miss him. We are so grateful that God brought him into our lives.

“ Our first impression of Tony was a warm and welcoming feeling. He was our first experience from someone outside of the Catholic school environment , which we had always been around. We were so pleasantly surprised at how easy he was to speak with and how down to earth he was and made us feel. Our friendship continued from around 1982(?). We were so blessed to have he and Kathy cross our paths. It's hard to tell you how much he impacted our lives. He was able to shape our children's lives and to put them on the road to success and determination to always do their best. Five of our children were blessed with his wisdom and guidance. We will be eternally grateful. May his soul rest peacefully, knowing how much he did for his students and all the lives that he touched. We shall miss him, but we will remember all that he gave to so many . Thank you, Tony.
