“ Condolence, and prayers to The Ramos Family in your time of sorrow, Sonny was like an extended Big Brother to the younger lads(like myself), in the neighborhood, displaying a mature sense about himself, even as a young lad himself, that undoubtedly carried into his adult life, His presence will be missed by All, but his spirit will continue in the memories of the Folks his path encountered-Amen

“ Getting to know Tony was truly a great time in my life. The 4 of us meaning Tony, Maria, Jim and I all went on our first date together. A little story of our date . Maria and I were getting ready to go meet the guys. Maria's puppies got loose on the roof. (yes the roof) we finally got the puppies in and we were late. When we got to where we were to meet and told them what had happened, Tony began to laugh in his sinister contagious way as if it was a made up story. His laugh was always one that brought you to tears because you laughed with him there was no way around it. Love you Tony ! Please watch over Maria. She loves you so much

“ One of my cherished memories of Tony was , Maria and Tony , Jim and I were going on our first date together. Maria and I were getting ready and her puppies got loose on the roof at that . Well we were in a panic thinking that Tony and Jim were going to leave. We got the puppies and went to meet the guys. When we told them what had happened, Tony laughed his contagious laugh. Im not sure they believed us but that was one of many times we shared. All 4 of us have been together since our 1st date. Tony you will be missed so much !!
