“ So sorry for your loss. Barb and I lost touch years ago, but I still remember our growing up as kids, the four of us - Rick, Barbara, Cheri and myself spending almost every other weekend at our respective houses. Hers in South Onondaga and mine in Syracuse as our parents (all at one time employed by the Syracuse Transit Company where they met and forged a life long friendship) got together for weekly games of cards and so forth. Along with Holidays, Birthdays, Garage Sales as well. And I shall never forget that summer in 1966 when we all spent the entire time at the camps on Lake Ontario...those were the carefree, good times to remember of our childhood.

Again my condolences to all...Robert Aiken
