Barbara was my second cousin and such a joy in our big family. Whether at a family reunion or brunch for just the two of us, we always had a wonderful visit and happy to have the chance to “catch up.” We both loved our family. She was especially proud of her grandson, Noah, and was happy to keep stats at his basketball games.

“ *A true class act, had her for PE, a subject I did not care for, but she made it tolerable for us! What an amazing lady that later in life she remembered us and communicated with us through her FB page and still cared and gave us advice! YOU made an impact on many Coach Damron and I will treasure your words of advice and your wisdom for hopefully many years to come. Prayers to your family.*

“ *To The Damron Family;*

We were deeply sadden to hear about the transformation of our dear friend, Barbara Sue Damron. Mrs Damron has always been a truly wonderful person, we all loved and cared for her very much. I've known Mrs. Barbara since age 14, when she was the Statistician for our basketball team at Howard Junior High School. Mr. Damron was our coach, he and Mrs. Damron were both Educators. Mrs. Barbara Sue Damron "equipped" us with very good and accurate statistical reports, which made us all smarter athletes whereas, none of us knew what "statistics" really meant, prior. As a result, we became J.V. Champions and Varsity Runner Up Champions. Genuine loving, compassionate and spiritual people are rarely born. I thank God for lending Mrs. Barbara to us for little while, Amen.

Dearest Cousins, you remain in my thoughts and prayers. In recent years, as I have been spending more time in Clearwater with my mother and Barbara was becoming more confined to her home, I have enjoyed texting with her. Her messages always brought a bit of sunshine. She will surely be missed by so many.

Jaymi and Jim-bo,

The number of lives your mother touched is far too many to be counted. I don't know how the years seem to slip by, but I have thought often of the wonderful time at Oak Ridge and the inspiration, guidance, and friendship your mother offered to me and so many. I loved being part of her physical education department and will one day share the story of how she helped my family even after leaving Oak Ridge. What a joy to know you both and to think of how proud she was of her family. I hope we will reconnect very soon. Love, Pam Burke

Jaymi and Jim-bo,

Condolences to the family members. Your mother and I began teaching at Oak Ridge the same year in the PE Department. I enjoyed our friendship the years she was there both as a teacher and guidance counselor. She really stepped up the year we lost Carlos and Lee Leonard. She was instrumental in starting and overseeing the Leonard Scholarship. It was good to see her at the 2018 Athletic Hall of Fame Banquet when the Leonard Family was inducted. Her presence allowed many of her former colleagues and students to visit with her. She was a class act. My prayers are with her. RIP
