“ Pat I am so sorry to hear that Bobbie has past away. I never did meet her but when I would hear you talk about her I could just feel the love you had for her and I am sure she felt that way about you. May our Great God fill your needs in the coming days
Floyd Guthrie

“ I was so saddened to hear of Bobbie's passing...my heart goes out to all of you, her family. I met Bobbie several years ago and I called her "my summer friend." I always saw this lady walking on the beach in Ponce Inlet while I was on my walk. Finally, one day we stopped and chatted...and we have chatted frequently during walks on the beach ever since. She always offered great advice and was so sweet and friendly. This past summer, it seems like I saw her even more frequently. To her family, please know she was a staple on Ponce Inlet beach...everyone knows her (or at least recognized her.) And everyone knows what a kind person she was.....I will miss her dearly next summer. I pray for peace for her family.

“ I got to know Bobbie when I interpreted in her health class, then we started walking together after school & during the summers. I invited her to come to Northland and she was hooked. When I was sick she went to Dairy Queen & brought me my favorite Blizzard and also one for my husband. She had a heart of gold and now she is walking on streets of gold. She will be missed and I pray that God wraps His arms around her family and gives them peace. Rest in peace sweet Bobbi until we walk together on Gods Golden streets <3

“ Bobbi and I both loved to walk so our paths crossed in Longwood especially North ridge. Our classrooms were across the hall at GLMS, too. She will be missed by fellow teachers and neighbors alike. God bless the family at this time.

Deelee Stevens - October 29, 2016 at 03:01 PM

“ As a fellow GLMS teacher, I don't think I ever saw Bobbie when she did not have a smile on her face. She was a ray of sunshine each time she came to the media center or walked about the campus. May that ray of sunshine that was so much a part of her character continue to be a comfort to those left behind.

“ So many fond memories of Bobbie tucked inside my heart. While on duty together at Greenwood Lakes the time seem to pass so fast as we shared many of life's experiences, sometimes laughing and sometimes with a teary eye. She was always there as a good friend, an inspiration to my life. Her compassion and dedication were shown in so many ways as a teacher and a fellow worker. How blessed I am to have known her! I know that I will see her in Heaven because she knew Jesus as her personal Savior.

“ Bobbie shared a planning area with me for several years at GLMS. She was funny and always had time to help me with anything. She was intelligent and compassionate and loved teaching her health classes. I will always have fond memories of my time spent with her there. God Bless Bobbie!

“ I got to know Bobbie when our classrooms shared a common work area at Greenwood Lakes Middle School. I remember her as a very kind, caring and generous friend. I had several major surgeries and each time she came to visit me. I was very sad that we lost contact after she left the school. I was just thinking about her the other day and wished we had kept in touch. Now, I am totally devastated that she is gone. Bobbie, I will always remember your kindness, and I will miss you forever.
