“ As a kid you don't realize the things that you doing with your parents are making memories. Remember going to my first New York Mets game you coming home from work want to play catch all the time watching All-Star games together . Making me do my homework after school taught me how to work hard with the good work ethic. Dad mom the things you did as I was growing up Made me the person I am today. So many more memories I cherish them now. It's been one week dad I miss you so much love you

“ I will never ever forget having to yell whatever I was saying even when you were only 2 feet away from me. You always use to say that you were the next person to get drafted into the MLB and that always made me laugh. I'll never forget your silly expressions or goofy faces because that made you who you were.

RIP Grandpa

“ For "Murphy"

An Old Irish Blessing

*May the road rise up to meet you.
May the wind always be at your back.
May the sun shine warm upon your face,
and rains fall soft upon your fields.
And until we meet again,
May God hold you in the palm of His hand.*
