“ I have not had the pleasure of meeting Ben or anyone in the Coady family. I have only been able to sit silently and pray for you all and Ben. This family has been through more than most could endure. Most would have given up and said enough is enough, please LORD what else can we do. They have instead held fast in their belief for our GOD. IT lis with this that, that I simply say, please GOD, watch over this family. I believe that he needed help from the Angel he made in Ben. Christina, your friend Trisha and the Tamm family guided me to you. May you always remember that the PEACE Lily is your Son, watching over you and your Family in Ben, your now Angel forever. We love and pray for you always, with all of our love and prayers, Gregory and Dale McElhiney. Maybe one day I will get the pleasure of meeting you. IT would honestly be our pleasure.
