“ Ben "Fletch" made frequent EMS trips to Mohawk Valley ED. I was always impressed by his professional attitude combined with sincere empathy for all his patients. He was a good man who I am sure had much left to do and more to give. Rest in peace Fletch, you will be missed.

“ We first met in the Little Falls NY Fire Station. I was teaching an EMT course he had signed up to take. He came to my attention when there was confusion over his name, using first name on paperwork but buddies calling him by his middle name. The explanation, same situation as I had, known by middle name. Too much history to put here but we both end up, still friends in Florida with many parallels in our lives. Law enforcement, Fire Service and EMS and proud veterans. I had the honor of traveling with him literally and figuratively. On his last journey he displayed the same strength I had witnessed before. Save me a place next to you Fletch, we have more stories to share.

“ Tom or “ wubber” as Dad so affectionately called him will certainly be missed... as a brother growing up we had the usual spats but I certainly couldn't have asked for a better brother. Serving together for a year on the same ship was the best. Rest In Peace brother.. love ya!
