“ Aunt Betty ❤️ *In Loving Memory*”

“ Dearest Betty Beloved Aunt, Treasured Friend,
You made a perfect partner for Uncle Jr., without him realizing you molded him into a more responsible person. You filled your home with love, forgiveness and laughter. Without any effort you warmed your way into our hearts.

I remember when we were cosmetology students? The tearing laughter we shared while trying to pass our grades making pin curls, finger waves, wrapping permanent rods on those awful rubber manikin heads. Once advanced to work on humans the hair washing bowls is where we totally lost it. We would freak out on our first touch of the older ladies lumpy scalps. Struggling to find the right angle for curlers to stay in place in their thin fine hair before falling to the floor before reaching the dryers. We were timed and graded on neatness, final client and instructor approval as well as personal conversation with our client. This is where you sparkled ensuring every client felt welcomed and comfortable. You had our clients, instructors and other students laughing along with us. I was pregnant at the time, you made me laugh so hard and often I nearly wet my pants.

Dearest Jr., and Cathy, You were the light, pride and joy of Betty's life. She would not approve or allow sadness in your hearts. Peacefully mourn her for a reasonable amount of time. Prayerfully, accept the quite calmness of Betty's spiritual presence to embrace you. Keep her memory alive, live, love, laugh often, always have hope and doubtless faith.

Through Betty's participation in her Churches Bereavement program she served God by serving his people. Betty, just as you touched our hearts so many years ago I know you touched the sorrowful hearts of your churches grieving members. Not through shedding tears, through sending them home with a bright, loving shared smile.

Loved you and will miss you, Jan

“ *It seems not so long ago when your family moved in next door on Comstock. (and you guys thought you moved out of the city to get away from the Riff Raff) little did you know!!! Surely you were embraced and welcomed to God's kingdom by all your loved ones. I want to say peace be with you,butt I'm hesitant.....this nagging thought keeps coming to my mind.*

I here your laughter!! it's loud then you say "Oh Jerry come on now" and he's there pestering you just like always. I remember seeing you Pete Mom & Dad in the kitchen talking, laughing, cooking and so on. Sometimes I would sit out side the kitchen windows to gauge the mood before going in the house and just be thinking what the heck are they up to now??

If you & my Dad cross paths it's sort of comforting in a weird way but I'm not sure "Rest In "Peace" will apply here more like fill the heavens with your laughter and give the old man a big hug.

I don't know what heaven is like only the love of God and His promises will make your loss easier.

“ Extending our sympathies to Uncle Jr and Cathy during this difficult time. May you both find peace in knowing Auntie Betty is no longer suffering.

*I am so glad John and I were able to spend some time with her in February when she was feeling a bit better and had some spunk left. I want to remember especially that time and her positive attitude and laughter. I'll never eat a Krispy Krene Donut again without having it in her memory. Every time John has a root beer float we will say a blessing.
Love and prayers! The Glisson Family,
