“ *Melinda I never had the pleasure of meeting your mom, I'm sure she was an amazing woman because she raised a great daughter. I was so sorry to hear this news. Please know our love and prayers go out to you and your extended family. Love and God's blessings from your neighbors, Lynda and Maggie*

“ *I will miss you my sweet friend. But knowing you are with your Jesus and seeing Tom and Mary Lee is a big comfort. There is not enough room to share all our experiences together. We have been friends for 52 years. Praer partners for 31 of those years. I will miss you terribly and every time I make soup I will think of you. I know you are resting in our Savior's arms. That is my peace.*

*Betty Jo, I am heartbroken. I knew this day was coming, but it's harder than I thought it would be. My precious friend, I will never celebrate another birthday without thinking of you. We were born one day apart, but in different years. Beautiful lady, till we meet again in heaven, goodbye for now.*
