“ *Betty Yeager Family,*

I had the great pleasure of working with Betty and having Betty report to me. From Fort Walton Beach to Apopka. Betty was a true professional, one of the few experts that knew our systems better than anyone, gained respect from those that worked with and for. Betty worked hard, but knew had to have fun. I learned so much from Betty, and was honored to work with her over the past 20 years. Nothing better than a good casino weekend. I pray for Betty and her mom, I wish she could have enjoyed more of her retirement. God bless you Betty!!

“ *Mrs Carver, I am not sure where to begin, your daughter has such a blessing to me, she was a coworker, a special friend, a shoulder to cry on, someone who could make me smile and laugh no matter what was going on in my 'soap opera' life as Betty would say. I will always cherish her friendship and the good times we had. I always envied the relationship you two shared, and I know how difficult this must be for you, she sure loved her mama. I hope you find comfort knowing she is free of pain, and many people loved her and will miss her. I leaned on her alot both at work (of course, she was so sharp) and in my personal life and can't imagine not getting to chat with her. Rest in Peace, Betty - love ya!!*

To the Family of Betty,
I've know her from the Centel, Sprint, Embarq and Centurylink. She was one of the best Manager's I've had the privilege to work for. If you did something wrong, she would chew you up one side and down the other, but no other Manager was going to mess with her people. She will truly be missed. Know that you now have a Guardian Angel watching over you!

“ Mrs. Carver,

Your daughter was a joy to know and a joy to work with. A truly remarkable woman. I am sure she made you proud, and know that she spoke of you often with such love coming from each word spoken. Take comfort in the love she provided to you and your family. We will rest in that same comfort as well as the many memories.

“ *I worked with Betty for several years, but the most memorable times were on the NIBS team, traveling back and forth to Kansas, North Carolina and Las Vegas and working in the Winter Park office. We had such fun after work searching for the latest Beanie Babies! Then I'd rack coins for her in the casinos at the slots she loved so much. It was such fun and I'll remember it always! Rest in peace...you'll be missed.*

“ Dear Ms Carver, my thoughts and prayers are with you and the family. I worked with Betty at Centel and Sprint for 30 years and then had the pleasure to spend time out of the office with her at all the Orlando theme parks with my children, Betty became a child again while riding the rides. Betty was a very intelligent person it will be a great lose to so many to not have her with us on this earth, but we know we will see her again. Finally she and Linda Card are back at the casino together they both are happy.

“ Betty was a special friend to me; we were like a brother and sister as her mother often said. Words cannot express how much I will miss spending time with her and her visits. I will always cherish the friendship that the two of us had and will always hold her in my heart. I will truly miss you my dear friend. May the Lord comfort your mother, Ms. Carver and your family at this time.
