“ *Gayle Walker - Wife of Cousin posted a condolence I can't even count the times we have reminisced of Wyatt's childhood. The stories I have heard and the laughs we have shared. All the things you, your sister Toni, and brother Dan and Wyatt were in to. I was told Uncle Bob and Aunt Marge became his parents for the summer, his home away from home and all you guys were his family. I am so thankful for that. As I came from a big family myself of nine children, I know how important it is to have someone to tell your secrets, your problems, or just share the good times. I'm glad you were Wyatt's brother. Time is of the essence! But we will indeed see you again in a much better place.*

“ *Wyatt Walker - 1st Cousin posted a condolence To my brother Bobby, I am saddened you left this world so soon. All the things we still had to do, and all the conversations yet to be had. As children, we played together baseball, bike riding, dune bugging and driving your dad's coupe. We tried to the utmost to stay out of trouble, sometimes unsuccessfully. As an only child, I spent my summers with you, and was a part of your family. I often reflect back on those days and know I am a better person because I had a sister and brothers to be with. Today, a salute to you as you enter a better kingdom.*

“ Karen Lappalainen RN - friend posted a condolence On behalf of all the staff of All Children's Specialty Care of Lakeland, we would like to extend our condolences to Bobby's family. Bobby was our beloved courier, and always delivered excellent service, above and beyond his normal responsibilities. He took pride in his work, and his attention to detail will never be surpassed. Memories of Bobby are everywhere, as he touched the hearts of many employees he came in contact with. Bobby will be missed greatly, but now he can truly say "just another day in paradise".
