“ *Linda Val - friend past co-worker posted a condolence I knew Bonnie when she worked for Modern Talking Picture services in the later part of the 1990s along with another friend. she was a well liked person. I did not know she was that ill.. she had bouts of cancer but she seemed to pull through it... I am sad today to see that we all lost a nice woman she was very sweet to me and now she became a new angel in heaven. So sorry for your loss... now she is up there along with my dad and others I have recently lost too. again sorry for your loss.*

“ Rhonda Richey - friend posted a condolence I am so truly sorry to here about your mom. I loved her very much. I worked with her at passadena publix. When I transferred to a different Publix I lost my father and lost contact with her. I tried to find her but the phone and address I got no response from her. I've been trying thru people at Publix that new her to find out about her and just today I was told she passed. I feel so truly bad that I couldn't find a way to find her. She was like a sister to me and was always there for me. She was such a beautiful person and such a huge heart. I loved her like a real sister. I feel blessed that I had the opportunity to have had her a part of my life. I am so sorry for your loss. She will always have a big part of my heart. I love you Bonnie. love Rhonda P.S. They will not let me off work to come to the gathering but my heart is there. I will be planting a plant in her name, she knew I hate cut flowers representing death so I plant a plant to show my love for her will live on forever. God bless
