“ *I am so sad to hear about Brenda passing. She was a true light soul in this world. I remember days where I would open Roaring fork with her and she wasn't happy to be up and moving but always happy to see me and spend the morning working with me.*

I remember days where she would always ask why I don't have a boyfriend or a guy in my life and finally the day of this picture I shared from my best friend baby shower was the day she got to meet my fiance.

Brenda was my friend, more like a mom who was always looking out for me and my path in life. Brenda just know if you can see this I will forever remember you and may you rest in peace ♡

“ *I have known Brenda for 27+ years and she's one of my best friends. Brenda will always be considered more as a sister than just a friend. We have been through food time and bad. We always were having fun ni matter if we were at work or acations trips or even just hanging out. She was there throughout my daughter's pregnancy and the birth of my grandson Darien which she called her little man. Brenda always brought a smile whenever we were hanging out. And my grandson loved being around her along with the rest of us. Always laugh and joking. My condolences to all family and friends. She may be gone but she will never be forgotten. Always and forever loved.*

“ My condolences goes out to Brenda’s family. I got the chance to get to know her over the years, and saw right away from the beginning that she had a big heart. I will miss my dear friend Brenda.

One thing Brenda loved most was learning about God and the promises in store for the future. One of those promises is found in Rev 21:3-4, “With that I heard a loud voice from the throne say: “Look! The tent of God is with mankind, and he will reside with them, and they will be his people. And God himself will be with them. And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.”

“ We are surely going to miss Aunt Brenda! Our children loved her so much, as does her brother Mike. She was so good to everyone and delighted in doing for the children in the family as well as others. She took many members of her family, mine included, on in depth tours of Disney World and enjoyed every minute of it. She deeply loved her son Shawn, Tyler, her grandson, and her great grandchild Trevor. She will be greatly missed. Brenda took care of her sister Judy during her illness. We love you Brenda.
