

## Bryan Keith Graham

November 14, 1956 - July 26, 2016

Bryan "Keith" Graham of Longwood, Florida passed from this life to his heavenly home on July 26, 2016. Born a native of Orlando, Florida November 14, 1956 to Roy L and Eileen Graham. He was the third child of four children. Keith was a proud father of Alexis Honeycutt and a father-in-law to James Honeycutt and Pappy to grandsons Parker Barham and Chase Honeycutt. He was a beloved brother to Carol West, Diane Lafever and Glenn Graham and much loved brother-in-law to Darrell West and Daniel Lafever. He was an especially loved uncle to Erin Lafever -Moore, a beloved cousin, and cherished friend to many.

Keith was a very happy and adventurous child. He would often come skipping along and exclaim "I'm so happy!" Early in his youth his love for all things with wheels began to emerge. From bicycles to mopeds, motorcycles to cars, it was the perfect love affair. Whatever mode took him where he wanted to go, freewheeling was his delight. All throughout his life Keith took great joy in being at the beach; there is no doubt this was his "happy place". He spent many fun filled days boating and on the shores of New Smyrna Beach cruising, playing in the surf and making memories.

As an adult, he was a skilled welder and fabricator, and took particular pride in having been able to work on the Patriot Missile Project while employed by Martin Marietta. For the last 15 years he was employed by The Trailer

Connection in Fern Park Florida. With his knowledge of mechanics and proficiency in welding and fabricating he helped to bring a new aspect to the business by providing excellence in the service and maintenance department.

Keith was a man who loved deeply, was the perfect listener, and always gave wise counsel. He was helpful, generous, and compassionate and touched the lives of his family as well as many others with genuine care and concern.

Keith will be greatly missed and loved always.

“ Dearest Keith,

*I am so deeply sad of your passing. I am even more sadden by the fact of finding out of your passing by googling your name. I was searching for you and the number that I had was no longer in service so I decided to google you.*

*What an awful way to find out that someone you care for has gone from this earth. I am so upset that I didn't get to say goodbye and pay my respects to you.*

*We were so good for each other while it lasted. We loved and had great respected for each another. When we went our separate ways we both were good with it and stayed in touch for some time and then somehow we just lost touch.*

*You and I could talk for hours on end and go for Sunday drives and not say a word to each other and know we didn't need to talk, we would just enjoy our adventure together.*

*I want to take the time now that I know you are gone and say my goodbye to you and let you know that you will be missed dearly but not forgotten. I am so happy that I had you in my life and I will cherish our memories forever.*

*Thank you for your love and respect my dear Keith. May you rest in peace and God Bless you.*

*With much sympathy and love always,*

*Carol*

“ Keith was like a second father to my brother and I. He was there for us and was one of the most caring and compassionate people I have, and will ever meet. I know he is smiling in heaven at all of us-- especially his family, because he always showed how much he loved every single one of us. He'll always be my family.

“ I loved our conversations every night & getting to know you on a very very personal level. I'll always remember your kindness & your smile buddy. I still talk to you like your still here especially around the house & good old Mena is happy happy.

*Through constant chant prayer we stay connected. I appreciate you looking over me & keeping me safe. Bike night isn't the same without you but I decided to do it again because of you. Keeps my mind busy & helps with my side of this journey. I bet your smiling with all these motorcycles in the garage... lol. Our past bonds us 4-life...*

*One Love Keith*

“ So sorry to hear of the passing of Keith. The last time I remember being with him was when Joe and I came to celebrate Aunt Mildred's 100th birthday. It was a beautiful day and later in the evening, we enjoyed a time of singing and playing the organ at Carol's house. It was like being in church together.

While we may grieve for our loss here, there is a great reunion going on in heaven. So many of our family have gone on before us. Makes me think of the song, "Glad Reunion Day." I can only imagine what it must be like, but I rejoice at the thought.

My thoughts and prayers are with all of you. Sent with much love,

Norma Dickson

“ It saddens us that we can't be at his memorial. Keith was one of the kindest souls I've ever met. Both Brian and I thought the world of him. I'm so thankful we got a chance to visit two years ago. The children remember him fondly, and we prayed for him as a family in our evening prayers. I know he is in a peaceful and happy place now, no longer confined by his human body, but liberated in spirit.

“ Keith welded some custom brackets on my trailer for a tool box after hours (good looking welds if I say so myself). He was very friendly to me and would always ask how I was doing when I would visit the Trailer Connection. He used to honk the horn in his mustang or truck (which ever he was driving home) for the day as he passed our house (our house was on his route home). If it was his mustang he'd give it a little rev as he passed by because he knew I liked the sound of the exhaust. He would always give a big smile and wave. I will miss that smile and wave and will probably still look for his car on Saturday afternoons but am thankful for all the times I'd see him passing by. You'll be missed by many R.I.P. friend.
