

Carl John Biver Jr.

July 1, 1932 - April 12, 2022

Carl John Biver, Jr. passed away peacefully on Tuesday evening at the age of 89, at home in Apopka, Florida. Carl was born in Owensboro, Kentucky on July 1, 1932 to parents Carl John Biver, Sr and Katherine Klem Biver.

After his family relocated to Illinois, Carl graduated high school and went on to the University of Notre Dame where he earned a Bachelor of Science in Physics Degree. He then went on to earn a Master of Science in Metallurgy Degree from Notre Dame as well. Later in life while working full time for General Electric, he earned his PhD in Chemical Engineering at the University of South Florida.

After working for General Electric for over 30 years, his love of teaching brought him to the University of South Florida where he taught graduate classes in Chemical Engineering. He finished his professional career working for SRI International doing research on various projects. He finally retired from work at the age of 80.

Carl's greatest joy in life was always his family and his home. He loved gardening, classical music, cooking, and he always seemed to be reading multiple mystery novels at the same time. He enjoyed shopping, going to the park, and going out to eat. Carl was a very kind and generous man. He wanted anyone he came in contact with to feel good and important. He always

expressed gratitude and appreciation for everyone and everything.

Carl was preceded in death by his wife of 50 years, Mary Ann Barringer Biver, and his oldest daughter Lori Ann Biver. Carl will be missed dearly by his daughter Katherine Biver Salemi (Jerry), his son Carl J Biver III (Sheila), his daughter Rebecca Biver Stawski (John) and his honorary daughter Suzanne Barton. His five grandchildren, Katie Salemi Ashby (Ryan), Kristine Salemi, Rachel Stawski Dlugokienski (Mark), Michael Maihafer, and Alexandra Biver.

The family of Carl John Biver, Jr. invites you to leave a message of condolence on the Tribute Wall created in his loving memory.
