“ *hey Carlos  
I don't know if you could read this from Heaven or Hell  
Do you remember when Yadiel, Yamil, and I came over with Lucy and Papo. You let me use your phone to log into instagram. I still have our messeges. I remember that day so vividly. We took pictures and i posted them. I still look at them. I screenshotted all your facebook pictures. I miss you so much. This foster care stuff is crazy. I will you were still here. Javi misses you more than I do. You are his everything. I love you so much. I can't stand moving around.

“ It's been over a year since my dad passed away. It really still hurts, but not as bad. I wish he could see me striving in school and writing about those small moments that made me feel so big. He gave me a lot of the support I needed to be me. I wish I could rant to him in English about everything, knowing he wouldn't understand a lot of what i say, and he would still attempt to listen. I miss my dad so much.

“ When i was younger, he was the only person that treated me as his own. Now that he's gone, my little brother will grow up without a father and his family won't know how much of a good man he was.
