“*Dear Carmen, it has been 7 years since your precious life was taken. I did not know you, and I do not know any of your friends and family. But I think of you every day and my heart feels the loss your family endures without you.*

The memorial that your family maintains is beautiful and filled with so much loss, but always reminds me of the loss. I drive by it almost every day. I have stopped a couple times and walked over to the memorial. That is how I found you.

Your memorial has saved lives and touched many hearts and I thank your family for all they do in honor of your sacrifice and I just wanted to thank all of them and let them know I am with them.

Peace and love, Augie

My dear Augie,

Today I was reading an email sent to me by an anonymous person thanking me for keeping my mothers memory alive and regardless of the beer cans purposely placed at my mothers memorial I never give up nor allow anger to enter my soul as I only pray for everyone everyday to find love and peace in any difficult situation in their life. I live a cross from the church where my mother's accident took place the evening a drunk driver made the wrong choice to drive. I wake up every morning to see the big bright stop sign from my bedroom window which now makes my heart smile to know there's an Angel keeping everyone safe at that 4 way stop sign. I'm so THANKFUL to many kindred souls whom leave sweet trinkets and thank you notes telling me my mothers memorial has saved and changed their lives reminding them of how precious life is and how quickly and without notice our loved ones begin another journey physically away from us and this 🌍. Many have stopped drinking and driving themselves. My prayers I know are heard and this was my reason to keep the Memorial of my Strong beautiful MOTHER Carmen A. Carattini whom helped many here on earth. My hopes were to bring many together and help those in need of unconditional love and most importantly the beauty of FORGIVENESS. Augie you made my Sunday by posting such a lovely letter. I'm very proud to keep mothers memorial well groomed (as best as I could) . The City and County stated I could leave memorial (location is borderline County and City) . The original memorial was vandalized and cross guard and others in the neighborhood found bits and pieces all around the ditches from Gatlin to Ferncreek and Delaney. I spent all day on the phone with the city comptrollers and county admins and fdot whom re-assured me they would never remove memorial nor would the landscaping team due to being sacred and wish they could place a memorial marker ad they do on the highways. Unfortunately due to the debate of whom would donate the marker because its border of city and county continues. So I will continue to clean and keep my Mother Carmen Carattini's MEMORIAL Alive and well groomed. Sometimes my work schedule is hectic which is why at times I'm at the memorial in the late evening (9-11pm) or before I'm off to work I'll stop for a few to clean up weeds or remove deflated balloons. (and yes even in my suit for work) 😊 MY MOTHERS WORTH MORE!! I am the eldest and chose on my own to have a memorial. Many have different religion beliefs which everyone should respect including my choice because this memorial is much more then Religion. I'm thankful for many whom agree and sometimes take it upon themselves to help keep me and mothers memorial safe. Augie I thank you for being so kind and caring and I will have you forever in my heart. Have a beautiful fun safe day.

Sincerely,

ANNMARIE CARATTINI

“ *Carmen was a second mother to me. I miss her dearly EVERY single day. I have never had anyone in my life like her mean what she means to me. She is one in a million and could never be replaced. I am angry for her that she is not here and was taken from us. I know if she was here she would be mad at what happened to her. She wanted to be here and see the new system as it happens. I love her and only wish to be half the person she was.*

“ *Carmen oh what a dear friend you were to me I miss you each and every day. I miss us hanging out watching a movie or chatting or swimming in the pool or just plain taking a nap. My life has not been the same since you were taken. You are in a better place but I miss you so much and my heart aches and my tears flow.*

“ I did not know Carmen very long but she was very warm and comforting to me. I will always remember and miss her smiles and hugs.

My heart, thoughts, and prayers are with the family. I pray that you all find relief in knowing that the God of all comfort has her in his memory.
