

Charles K. Joseph Jr.

April 13, 1970 - April 29, 2025

Charles Kenneth Joseph Jr, affectionally known as Kenny, passed away at the age of 55 on April 29th, 2025, from Pancreatic Cancer.

Born in Casselberry, FL on April 13th, 1970 to Ken and Joyce Joseph, Kenny was a man who exemplified the qualities of hard work, toughness, and discipline. He is survived by his daughters Lily and Charliann, his parents, his siblings, Thomas and Joy, and his fiancée Wendy.

Kenny's family, however, is extended even further to all of the men he shared the football field with over the years. These teammates and their families continue to provide comfort and refuge to his blood relatives even after his passing.

A service in his honor will be held at St. Anthony's Copic Orthodox Church on May 3rd at 1:30pm. There will be a viewing 30 minutes prior (1:00-1:30) at the same location.

In lieu of flowers, the family is asking that you put your generosity toward the St. Jude's Hospital for children with cancer.

“ Like Greg, Deborah, Lionel, and so many others I learned so much from this gentle giant. His knowledge of Logistics was beyond reproach, his ability to solve complex problems and issues was amazing. He could and did build management teams that solved warehousing problems that many had tried and failed. He could convince his team that we could do the impossible and he'd roll up his sleeves and work alongside us to make it happen. He was respected by all, workers and managers alike.

I was privileged to have known and worked with Ken for many years. We had fun working together because of his passion to make a. Project that he was responsible for work. My sincere condolences to his family, please know that Ken was loved and respected by all who knew him. May he rest in peace until we meet again in the world to come 🙏.

“Kenny "KJ" and I worked together for many yrs. We were part of a very tight knit team that traveled the country doing warehouse start ups. We worked hard, we played hard. Thru it all we all became lifelong friends.

I remember a time in Stockton, CA when the GM and Ops Mgr. left never to return when we arrived to do a customer requested wall to wall inventory - we were stunned. I took the IT team and KJ took the Ops teams and we just made it happen. It was here where Kenny taught me xls vlookup tables.

Another time we were in Dallas during an ice storm - there was 3 of us jammed into a little red Yugo rental car getting lost on the service roads trying to find our hotel - this was long before Google Maps.

Or the time in NC when we found a missing forklift under a pile of leather goods. There are so many work and private life memories I could share but this is about honoring Kenny.

I offer this to the family and all his friends - when someone you love becomes a memory, the memory becomes a treasure. Hold fast to that and never forget.

*Till we catch up again brother!
Missing you,
Greg Sheppard and family.*

“ I had the privilege of working with Ken at Kane for over 5 years. We had a great working relationship which grew into a friendship that I will always treasure. Even though we were 1,000 miles from each other we made it a point to keep our friendship going. He was a great coworker, friend and father to his beautiful daughters who he adored and was so proud of. He will be fondly remembered. RIP my friend. ❤️

“ Kenny, although he liked it when I called him Kenneth, was the same caring, kind and loving man now as he was when we were in our early twenties. The trials of life can change a person over the years, but not him! He never became jaded or bitter. We had the BEST TIME of our lives filled with love, laughter and plenty of silly sarcasm!! I will be forever grateful to have had this time with him and love him completely, the way he deserved to be loved. We are forever intertwined. I look forward to seeing you again habibi and kissing you when you least expect it!! I love you, now and forever!!!
