“ *Vickie and family;
I am so sorry to learn of your loss, as it is not the natural progression in this life for us as parents. You have a guardian angel for the rest of time to light your way and comfort you in your darkest of hours. There are so many wonderful things shared here about your son, I know in my heart he must have been the apple of your eye. Cherish the wonderful memories my friend, as they will comfort you and your family in the days to come. My deepest and most heartfelt sympathies my friend.
Your friend and co-worker,

I worked with Charlie and he was like a brother to me. We would laugh and tell jokes all day. I would make fun of him for being a Miami Dolphins fan and he would make fun of me for being from Jersey. He was the 1st and only co-worker I ever had to throw me a birthday party. He also gave me a good luck surgery party. I was out of work for almost 3 months and Charlie called me at least once a week to check on me. We were friends for only a short time however he was a great dear friend and I miss him greatly...

*R.I.P. my dear friend...

“ I am so blessed to have called this amazing man a friend. Hell not a friend, he was family. We had such an amazing relationship and my heart is so full of emotions right now. The bond him and Joey shared was one in a million. Friends like that do not come easy. I am forever grateful that I got to witness their unbreakable bond and will always hold a special place in my heart for Charlie.
