“ *My childhood, teen years, and early adult life has been filled with the most wonderful memories of uncle Chuck! My most favorite memories with him would be the ones from Christmas time. Memories from grandma and grandpas old house when me and Trina and Melissa and all of us were just kids and also thanksgiving times spent in Orlando watchin the game with chuck and playing with new gifts! Chuck was always so loving, funny, and laid back and he had a great artistic and creative talent that I really admired! I'm glad I got to tell him I love him and miss him the day before he passed. I miss you and love you so much uncle chuck and I will forever!!! Youlll always me with me in spirit and I could never forget you! Rest in peace with your mom dad and sis till we meet again in heaven:)*

So sad to read of Chuck's passing... We were good friends with him and Ginny. We lost touch with them years ago. Had many many adventures with him . Was best friends with Debbie for years. Memories of All of our babies back then are precious 💕 (What happened?)
