

## Christine K. Singleton

December 14, 1970 - December 25, 2024

Christine K. Singleton, age 54, of Belle Isle, Florida passed away on Christmas Day 2024 from Ehlers-Danlos syndrome after a heroic 16-year struggle with its debilitating symptoms.

She was born in West Palm Beach, Florida to Peter R. Sushinsky and Charlotte R. (Adams) Doran. Christine attended Palm Beach Gardens High School and earned her associate's degree in interior design at Valencia Community College in Orlando. Afterwards, she pursued careers in the interior design, restaurant, and personal training industries with much success.

Christine was known for her sweet disposition, her beauty, her intelligence but foremost her inherent virtue. She had a magnetic personality and people from all walks of life, oftentimes strangers, opened up to her in conversation. She had many friends. Her interests included horseback riding, foreign languages, birds, and fashion.

Christine is survived by her husband Christian and son Luke. She is also survived by her sister, Brooke Doran, her brother Marc Doran and their families.

A Funeral Mass in her honor will be held at Blessed Trinity Catholic Church on

January 11th , 2025, at 11 o'clock followed by a procession and interment at Mary Queen of the Angels Cemetery. Guests are invited to a reception in her honor at the Singleton family home (5007 Saint Denis Court, Belle Isle, FL 32812) on Lake Conway afterwards.

The family welcomes donations to the Ehlers-Danlos Society (<https://www.ehlers-danlos.com/donate/>) in lieu of flowers.

“ My dear daughter Christine, my life will forever be changed and I will miss you and always love you. I have so many special memories of you that we shared individually and as a family . There wasn't anything you couldn't do when you put your mind to it you were unstoppable! You were an amazing horse person and I remember you wanting your own horse. Your decorating skills were the best and you enjoyed helping us get it right. When it came to fitness training you didn't take no for an answer but loved helping us achieve our goals. I will miss our time together but thankful for the memories and from the day you were born until the day you left this world you will forever be in my heart Mom❤️

“ We will always remember Chrissy's beautiful smile, her warm and welcoming personality. This is beyond difficult, but sharing these photo memories gives us comfort knowing and feeling the special times spent together as Family. No one can ever prepare us for the loss of a loved one. Loving memories last forever, Chrissy will not be forgotten. Our love and prayers for comfort and strength for all in the days ahead.

Our deepest sympathy,

“ My daughter Chrissy was a joy and a bright spot in my life. It was always special to spend time with her or answer the phone and hear her say hi dad and then have a good chat. I will always remember her beautiful big smile. Chrissy excelled at everything she did. She had many gifts, talents and dreams that sadly due to her health she was not able to continue to pursue or make happen. Her greatest achievement is her son Luke. Raising a brilliant child isn't easy and she and Christian have done an exemplary job. She could be tough but her love and immense pride was always there for all to see.

Christine loved her Grandma Maria very much. Traveling together provided many memorable adventures and fun family stories; hitting a moose at dusk on a lonely road in Alaska for example. She and my mother are probably planning something fun in heaven right now.

Chrissy, I am so proud of you. You fought a very long painful battle and just kept going. I love you and have many fond memories that I will cherish.

“ Christine, my daughter my friend, I had hoped that you would mend; you were funny and smart and everybody's friend; then suddenly without warning your health started to descend, the memories and our love were all that I could send : you fought long and hard until the very end ; my tears are overflowing so tough to comprehend but one day I'll be waiting just around the bend , love mom ❤️

Chrissy... we've known you since you were 3 1/2... an energetic happy little girl ... met your Mom back then waiting at Burdine's sale for the doors to open...then. Got together with my little daughter and they became playmates for a number of years... her Mom and I have still remained close friends throughout the years through our ups and downs in life...

I remember your Mom mentioning your diagnosis but never thinking it would lead to this so early in your life..I will always keep the happy memories close to my heart... during your short life you made many people happy.. now you're at peace.. Love, Lari

“ I'm so unbelievably sad. Chrissy and I became friends in the 4th grade and were inseparable throughout most of our childhood. I have so many amazing memories with her and her family. Her laughter is ingrained in my soul and I will never forget how it sounded. I lost touch with her over the last couple of years. I knew she was struggling for many years with a terrible illness that she was desperately trying to find out what it was. I know she was in such bad pain for so long and it was devastating. I am relieved that she is no longer in pain but am sad beyond belief that she is no longer here. My prayers go out to Chris, Luke, Brooke, Marc, Charlotte and Steve.

*Chris's t was my very best friend all through High. We had so much fun together. She spent the night at my house all the time and I spent the night at her house all the time I will never forget all of the wonderful times we had together. I remember everything was so much detail. After I graduate to college Chrissy and I lived together for a couple of years. We also work together waiting tables at a restaurant in Orlando. We kept in touch until about a year ago which she could no longer text or talk on the phone. I tried to keep in touch with her son Luke, but she didn't want to burden him. All I asked is that he let me know when she passed. I didn't know she passed away until today, December 28th. Last night I was talking to a friend about Chrissie. I was saying that I don't even know if she's still here or not because she can't text anymore or talk on the phone. I told this person all about our friendship in high school and after high school and how much she suffered with DES. I'm so glad I kept in touch with her all of these years. I will never forget her and I will love her forever. I am happy she's at peace and she's no longer suffering. 🙏🙏🙏*

*Chris, these pictures are so beautiful. I tried to post one but it didn't work and when I first posted something on here or there was a lot of things that were misspelled that wouldn't let me go back and edit it so I just sent posted another one and hopefully they will get rid of the one that has all the errors in it and keep the one I posted the second time all these pictures that you posted are so beautiful. She was a beautiful woman and a beautiful soul and I will miss her dearly. I am so sorry for your loss. I know that Chrissy was the love of your life. And you were the love of her life thank you for taking care of her for her and never leaving her side and being the best husband she could've ever asked for. You guys are all in my thoughts and prayers.*
