To my best friend and cousin Christopher Boyer. I still can't believe it that you're gone I am until the shock and beside myself. We grew up together from where little kids to the time you went to the Air Force. I'll never forget the good times camping fishing building cabins together making Trails out in the woods and just all around having fun as kids. I do believe you was a big influence on me and the way I turned out I think. Until we meet again my friend God bless.
