“Cliff was a wonderful neighbor, friend and man. I can remember many a time when I lived next door to Sue and Cliff when I would ask his help lifting something, moving something or fixing something and Cliff never said no. Thank you Sue for so generously allowing us to borrow your husband! Cliff was always ready to do anything to help others in life. He didn't talk the talk, he walked the walk. Now he is walking with God. Or riding motorcycles! God bless you Cliff and thank you for just being the special, kind, honest, loving man that you were and always will be.

“20 years ago this man helped me get sober, he was my first sponsor in AA and we became very very good friends. We did many many AA meetings, we went to many BikeWeek events in Daytona, every weekend for years him and many other friends that had motorcycles met at my house and we all went on a ride to either the east coast or the west coast of Florida to have lunch and hang together, he was in my wedding and I was in one of his, several if hit tattoos he got at my house. Two or three times a year I would host a tattoo party and he was always there. My girlfriend at the time got him his job at the treatment center he worked at for many years. He took me through the 12 steps of AA and helped me get through some bad times in my life. When he moved to Sanford he started a new life with a wonderful family and we grew apart some, but every once in a while we would check up on each other with a phone call. I loved that man so much and I know he loved me. Time got away from us and I didn't even know he was sick. I would have been there every weekend had I known. I love you brother, and we will ride again soon when I come up to see you

“ *My thoughts and prayers are with Cliff's family. Sue, Erica and Jessica, along with other family members are on my heart!!! I remember talking with Cliff a week before he and Sue married. He was so happy! He told me he had found the love of his life and that never changed. He was a sweet, godly man with a heart for the Lord. I'll miss him but I know we'll all see each other again!*
