“ *Kenny Johnson - Great Nephew posted a condolence Although I didn't see him all that often, I loved listening to his orrny stories and that sheepish grin he had would put a smile on anyone's face. It's good to know he is in a better place with no pain or suffering. Love, KJ and family.*

“ *Gene Johnson - nephew posted a condolence One of my most fondest memory of my Uncle Curt was that when my father died, he loaned me his car to take care of things while he walked to work. I will never forget that. He was a very caring and loving man.*
