“ My son,  
We've had a lot of good times over the years there just were not enough years. The last few years were like the old days, talking, joking, enjoying each others company. I guess when it's my time we will pick up where we left off. You will always be with me. Rest in peace my son. I love you. I miss you. Dad

“ My love! Oh how I miss you so. I'm not sure why you had to leave me and my heart will never be the same. I keep telling everybody I wish I could or meet you sooner and had you longer which is so true. another thing that is true is that we shared more love in such a short period of time than most people do thier whole life. Thank you for loving me and making me happier than I have been my whole life. I will hold on to Every memory that we shared forever. You will always be in heart. I cant wait to the day I get to hold you again. I love you so much ❤️ screw
