Danny will be remembered as a kind and humble man. Although often a man  
of few words, his smile

and simple presence gave comfort and strength to others. Danny was a hard  
worker and loved by all

that knew him. As a son, husband, father, brother, uncle or friend he was  
someone that you could

count on; he was a good person who showed up for life's special moments  
and milestones and yet

you could be assured that he would also step up in the hardest situations and  
circumstances that life

brought his way!

To name everyone that Danny has touched their lives or to list all of those that  
have touched Danny's

life would be endless. He leaves behind both family and friends that will  
forever share sadness in his

passing. but who also hold special memories that make them smile because  
his life mattered and he

will be missed!

“ Dan was a real good man. 100% discipline always got the job done. Could work like no other person I've seen. He Would buy your lunch if you worked for him or if you wanted food. He showed me how to do many of the things that I know for sure. I spent many days working along side with dan and he was always a fair man. He will be missed greatly. Sincerely James jason byers jr

“ *Danny is my little brother. I can't remember a time that he hasn't been there for me. When I think of him the first words that come to mind is awesome, hard working, and love of family. I miss him. I don't think that I know anyone quiet like him. He has always been my strength. What an amazing person. I was ever so lucky to have him for my brother. Thank you God.*
