“ *I remember swimming in the pool with Daven, watching him play on the playground in his backyard and feeling so happy when he would be brave and walk across the street, in his socks, to our home to be with his brother Dawson and hang with my girls. I think of Daven every Halloween and how much he loved masks. One of the first Halloweens when we first moved to Touraine, Daven dressed up as the Incredible Hulk. He looked so adorable. Daven had a heart for justice just like all of the superheroes he loved so much. Dear sweet Daven you will be in my heart forever and always. I am so glad that I met you. Find my brother Doug and cut a rug with him. He loved to dance too.*

“ *I moved to Tourraine in 1st grade and lived there for 7 years. During that time, I met the Andrew's and their entire family which quickly became my second family. I remember going over on a daily basis and spending my days and nights With Dawson and Daven. They became my brothers. Daven is the bravest most confident yet humble young man I've ever met. I always admired his strength. One of the millions of memories I have of Daven was his love for tostinos pizza rolls and pizzas. I always wanted some of his and he never said no to me. I loved his love for movies. I loved seeing him bust out in random dance moves. I love and Will always love his beautiful smile. It's never a goodbye, but a see you later ❤️*

“ I have so many memories with my little buddy but a couple that stand out is waiting the one night a year wrestlemania would be on he never could wait for it to get here and how he always manages to figure out the ending of the matches before they ended he loved it and I thought it was awesome , he loved his WWE wrestling. Another one I always enjoyed as when we were together we always played Madden 25 football video games and he always beat me and a lot of times he use the same play over and over and I still couldn't stop him it would put the biggest smile on his face which I enjoyed so much and he smiled a lot anyway . that was one of the most memorial thing about him was his precious smile . Daven you will be missed but NEVER forgotten son I love you so much.

“ *This precious young man touched a lot of lives. My very favorite memory is when at family cook out and I was in the kitchen and Daven came in and I was going to make him hamburger, I asked him If he would pickles on it and at the time he did not have his front teeth. So you can imagine the sound of the lisp when he put his chin in the Palm of his hands learning on table and said, "Aunt Suzy I don't like pickles!". We talked about it for a few minutes. But that was the most precious moment for me. I am sorry we had to move away but I will always remember my little pickle. Love you Daven!!*
