

## David Wayne Bowen Jr.

August 23, 1970 - June 29, 1995

David was a loving and devoted father and son. His life ended far too soon. He had many struggles in adulthood, though one of the happiest childhood's anyone could ask for. He loved working on cars and other projects with his father, baking/cooking with his mother, and was an incredibly gifted guitarist. He loved animals and marine life.

David's academic record was beyond impressive and unmatched. The only reason he wasn't the valedictorian of his class was because he simply didn't want to give the speech and have all of the attention. He was a humble man. He loved his daughter with all of his heart. He would hold her, sing to her, play with her, and sit her on his lap whilst he played her songs on his guitar.

He was extremely laid back, humorous, generous, and compassionate. Anyone that knew him in life was extremely lucky to have known such a beautiful soul. Some never had the pleasure of meeting him though they think of him fondly and lovingly through the memories shared by others.

David was survived by his daughter Paige Kathleen Munro, his mother Kathleen Marie Bowen, his father David Wayne Bowen Sr., and many aunts, uncles, cousins, and close life-long friends.

“ David you left way too soon. Too soon to see your daughter grow into the beautiful young woman that she is now. Way too soon to meet your son-in-law who you had so much in common with. Way too soon for your Mom and Dad. They cried many tears felt unbearable grief and missed out on so much of life with you. I understand your pain was too much for you to bear but it doesn't lessen the pain your passing caused. I will be at peace knowing you, your dad and mom will be together for eternity in paradise. God loves all of you and rejoices that your family has joined Him. Rest in peace, David. Love Aunt Janice

“ Daddy, you weren’t around for most of my life. However the time you were around you spent being the best dad a girl could ever ask for. You played with me, laughed with me, played me music and sang to me. I’ll always remember running around in the backyard shouting “splash me daddy, splash me!” with a bucket from the kiddie pool. I remember you letting me play with your troll doll collection and strum on your favorite guitar. Our time together was short, but it was the happiest time of my childhood. I love and miss you so much daddy. I always will. 💕💕
