

David Wayne Bowen Sr.

November 11, 1970 - February 13, 2019

David was a devoted father, grandfather, husband, and family-man. He worked for much of his life as a master electrician to provide a good life for his family. He enjoyed racing his muscle cars down the dirt roads surrounded by orange groves, fixing up/building classic vehicles, NASCAR racing, teaching his son and granddaughter how to use tools, and spending quality time with his family.

Whenever he walked into a room, it was filled with joy and everyone regaled with countless stories of his adventurous life. He was the type to give the shirt off of his back to anyone in need, especially family and friends.

He was a simple man with a great upbringing and a mostly joyous life. For those that had the pleasure of having him in your lives, we ask that you look back on the special moments you had with him with fondness and happiness.

David Sr. is survived by his granddaughter Paige Munro, grandson in-law Edward Munro, along with one brother, many nieces, nephews, great-nieces, great nephews, great great-nieces, and great great-nephews.

Services for David, his wife Kathleen Marie Bowen and their son David Wayne Bowen, Jr. will be held on Saturday, November 21, 2020 from 2:00 pm to 4:00 pm at DeGusipe Funeral Home & Crematory, 1400 Matthew Paris Boulevard,

Ocoee, FL 34761.

“ You and Kat were more parent to me than sister and brother-in-law. I remember I was 5 and you were 18 or 19, and, you had new shoes with a velcro closure. I had never seen velcro before as it was new to the market. I was so fascinated by them that I would sit and open and close your shoes for hours. The noise must have driven you nuts but you never made me stop. Another time you took the fam (minus father) to a fishing camp where in the concrete was a small rectangular holding pond for the caught fish. I had never seen fish so close before, I was thrilled. I have always put in a pond in my yard. You teaching me to water ski and us horsing around with the rocker until I fell backwards to the floor in said rocker. So many good memories, I love you both. Rest in peace until we meet again

“ Grandpa words can’t express how much I miss our time together. We always sat around discussing important topics, joking around, watching TV together, and playing games as a family. You worked tirelessly day and night to give me, grandma, and daddy a good life. Yet you still always made time to spend with us. So often I wish I could just sit in the living room and watch TV with you, while we talk over the show with grandma fussing at us for it. You taught me so much. I will always miss and love you more than words could every say. 💕💕
