“ I want to say that dawn cheri was the best cousin that i have ever had in my life, she would always encourage me to be strong a keep kicking life's ass because thats what me and her have done. She would always call me and her the black sheep of the family and it kind of mad me upset because i never wanted to be the black sheep of the family, but you know what, its ok because i know its ok. Dawn I love you so much and i am going to miss you dearly, God rest your soul. Amen

“ Dawn was a friend that reached out to me many times. Some times just to check in and say hello, to tell me that she missed me, and other times, we just to talked and laughed. When Dawn heard of my health problems, she put her own troubles aside to show me her concern, and to tell me that our friendship was important to her, that I was important to her, and that she loved me! Dawn had a way of showing you what was in her heart, and I never heard her say a bad or negative thing about anyone! No matter how hard life ever got for Dawn she always did her best to stay in touch and be a loved friend in my life! Dawn, I love you always and you will always be in our hearts. I will always remember your caring, your wonderful giggle and and your love for fun and family. But most of all I will remember the heart that you showed us all, I will miss talking to you and hearing you laugh, I will always remember you as a dear friend and part of my family! God Bless Dawn Cheri. With love, your friend always, David
