“ RIP brother. I will miss all the talks we have had and how great you were with my kids. What a great friend you were.

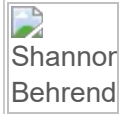

Keith - August 11, 2016 at 08:49 PM

“ I'll never forget the time when Kaleb, Don, and I went to CVS to pick up something (I can't really remember what). It was pouring outside, and we were all looking at toy cars for some reason. Then all of a sudden, there was this huge thunder strike that happened behind CVS. Don's eyes widened so big, and jumped so high from being scared. Kaleb and I could not stop laughing, it was one of my greatest memories with him. Whenever I would come to visit and he was there, we could just talk for hours on end. Such a laid back and easy going man to talk too. I wish I would have gotten to spend more time with him, but I'm blessed for getting the times I've gotten. You will always be my Uncle Don. I love you and miss you. Rest in peace.

*“ Just when I think it's not going to hurt as much, Paul and I remember a memory then I want to cry. Then there's Brooke. I know she's trying to be strong but she feels just as empty as the rest of us right now. I'm happy you're no longer in any pain. I promise I will make sure Paul and I are here for your kids. You, the kids and Christine are family and family is always there for each other. We love you Don.*

*“ I can never thank you enough for the beautiful gift you gave me - our daughter has always and will continue to know all the good memories I have to share about her daddy. She talks about your times watching Sponge Bob Square Pants and your visit with her in Virginia this past December. She misses you terribly. She continues to sing FIGHT SONG for you. I comfort her by explaining how you are in a much better place and no longer hurting. She finds comfort knowing you are in heaven with Grandma taking care of you and baking you cakes. Your kind words while I was dealing with the devastating illness and loss of my mother will be cherished. I truly hope you are at peace and resting well - you deserve it!*

*Enjoyed my young days with my local cousin closest in age. Many days at Grandma and Granddaddy Moore's house eating all of Grandma Moore's delicious cooking and running around the yard and Granddaddy's workshop. He was the cutest kid and I am glad we have been able to keep some contact over the years though it was never as it was when we were kids. Treasure family and know that there is always a way to support them. Special thanks for Aunt Linda, Uncle Ronald and all the Berendt family for staying so close and taking such good care of him through the years. Prayers for all♥*

“ *Donnie, I am so sorry that I wasn't aware of your illness. I would have been in touch & been supportive. I pray that your family & friends will have peace and that they know The Savior so that they can be reunited with you one day. I am thankful that you are no longer suffering, and you are now in perfect peace & rest for eternity! Sending my love & hugs across the skies!!*

“ *Donnie- We go back many, many years and my heart simply broke when I heard you were ill. I remember talking with you when you found out about my illness and my sister told me that you continued to check in with her to ask how I was and that you were praying for all of us. Didn't surprise me - at all, because that was just who you were ... Putting everyone else first. Sounds like you put up a strong fight - Stephen and I have been trying to find someone that could keep us updated, but never expected to get this call today. It's time to rest now, my friend. Heaven needed that special angel. Lots of love, my friend!!

“ It is crazy how you go to the hospital for just one sickness and ends up being told he has alot more issues ,that we never expected to happen in the way that it did. i never really had the opportunity to be with my uncle don because i was in north carolina but when i was here and i was able to be around him he would always ask me how things are going in my life and just was a person that would make you feel comfortable around him we loved football so we had watched some games before and it was just a great time talking to him about the sport he was a great uncle to me and my cousins and i never expected this to happen but he is pain free and not suffering we will miss you dearly  
Love you uncle don !

“ Don, you were always so kind, caring, and a true gentleman with me. Thinking of me even on your most ill days. Our long conversations about the past and the future ahead. We would laugh that we had both been through so much we were meant to be together because we understood each other.  
I miss you infectious smile, intense eyes, beautiful hands, big hugs, and yes even your strong convictions and stubbornness.  
You came into my life and I am forever grateful. I will carry you with me in my heart forever.  
It's simple really I love you my big strong wonderful sexy.  
Forever  
Wait for me.

“ There has been no other man in my life quite like Don Moore. He's been a friend when I wanted it, he's been there when I needed it, and he's been family when we needed it. I appreciate everything that Don has done for me in my life, and I could never truly repay the kindnesses he has done for me.

We spent many times together at meetings of Benny Hinn singing in the choir.. HD some interesting to Times there. We spent hours on the phone just Shari G our faith with each other. Just know you will be truly missed here, you were taken way to soon.. But I know you are not suffering any more and I guess that gives me some comfort... But I just wish u were still here.. Love you don to the moon and back and nothing will ever change that..*
