“ I first met Doris at West Springfield Elementary almost forty years ago. Over those years, our friendship continued to deepen, and she was, and remains, a treasure to me. My nickname for her was the Energizer Bunny, on the move, and truly engaged with those around her. Everyone who crossed paths with her was always the better for it: family, friends and students. I remember all of our times together: sharing holidays, coffees, lunches, lots of phone conversations, and even a trip to North Carolina to pick up my new dog, Pepper, who rested in her lap the whole way back to Virginia. You will be missed my friend, and I am blessed by your friendship.

“ Doris was a very special person. Our only regret is that we only met her in recent years. Our feet were often under the same table as hers. We all shared many holidays with our feet under Debbie Spitzer's table. And when holidays were two days Doris' feet were under our table on one of the days.

We were constantly amazed by her spirit, generosity and energy. And especially enjoyed the private time we had with her when driving her to dinners and Beth El events.

Your family was blessed with a very special Mom and Grandma! You must have great memories - please find comfort in them!

“ We were blessed to know Mrs. Doris Persh through her son Rick Persh. Doris Persh was a loving wife to Jerry, and a great mother to her sons Rick and Mike. She and her husband taught her sons the important values in life that provided the path for them to be successful. She was devoted to her husband throughout his career in Government and after his retirement. She extended her friendship to extended family, and always offered guidance/knowledge if help was needed.

We will miss her!

Love,

Mark, Kim, Sandra, Victoria

“Doris was a force to be reckoned and an outstanding role model on how to age with humor, humility and humanity. We shared the same profession but being much younger than her I never worked with her, just shared many of the same friends.

Through the retirement years her feet were usually under my table for Jewish holidays and I think a Thanksgiving or two. She loved watching my grandchildren grow from holiday to holiday and entertained the big kids too. My daughter (in early 40's) always told Doris she wanted to know her aging secrets and actually sat down with her to interview Doris about her life!

Doris had belonged to Beth El Hebrew Congregation when her family was young. We have only been members about 7 years and when I would bring Doris to an event she knew more people than I did. I made sure to sit at a table with her pals and listened to them catching up. She knew how to work the crowd!

My dear friend will be missed by everyone who knew her. She touched many lives. Deepest sympathies go out to her family and her memory is certainly a blessing!
