“ We were so lucky to have had Dottie and her family live next door to us for many years. We had many good times and a few tears too. I will always admire her strength and devotion to her Faith and family. Truly a wonderful, kind person. You will always be close to our heart! Aloha, Darrow Family

“ So many memories...think we met in 2000-2001 at West Orange Women and were on the Board for several years together. Dottie was a true friend, a thoughtful friend, and always such a caring person for all. She has shared stories of her wonderful family over the years & how she cherished being involved and how proud she always has been of her children and grandchildren ! She could light up a room ! I will never forget how sweet she was to my Mother when she lived with me and how welcome she made my Mom feel at West Orange Women luncheons and events. It was a joy to laugh with her and I will hold that laugh and her wonderful sense of humor in my heart ! My condolences to her family.....Rest in Peace my dear friend.....

“ So sorry for your loss. I worked with Dottie at Century 21 for several years. She was a pleasure to know and became a friend. I met her about 4 weeks ago in Publix on my way to visit at Matine Pawlicki's home. Dottie said she would love us to get together for lunch sometime. I promised we would but I regret we didn't make it. Rest in peace Dottie. You will be missed. My Sincere sympathy goes out to the family

“ *Dottie was one of the first agents I met here at the office. After she retired, I would always run into her at the local Publix and catch up. We were all deeply saddened to hear of her passing today. She will always be thought of fondly here. RIP Dottie.*

“ *I know Dottie thru her daughter Suzie. I have enjoyed spending time with her and her family through the years. I was invited to Thanksgiving dinner a few years ago and I always think of the kale dish that Dottie brought. In time the pain will lesson but you will always miss her. She will always be close by in your heart. My deepest sympathy.*

I have to respond to that. Dottie was always a woman ahead of her time. We had Kale my entire life before it became so popular. Great memory thank you

“ Dottie will certainly be missed by all her West Orange Women fellow members. She always handled her many duties with ease. She helped make our organization what it is today. I'll always fondly remember Dottie at Craft Group with her Hollywood shades always smiling and laughing at her lack of "craft " skills. The two of us tried to learn to crochet with pitiful results. It makes me smile to think of all those good times. I'm so happy I got to know her.
