“ *Barb Benkert - niece posted a condolence When I was about 10 yrs old, Dot took me skating which started my love for skating...but as she was babysitting me, she had to take me on one of her dates!! She also made me a beautiful Holloween dress for school.. our families gathered at Gulfport Beach almost weekly for "fish frys".. she was more like a sister to me sometimes than an Aunt.. always a lot of fun.. “ *Wanda Reyburn - Niece posted a condolence My favorite memory with Aunt Dot is her Great Pimento Cheese that she made from "scratch"..When we were little, Mom,Barb,and I would walk from Grannys house to Dots house for sandwiches....until only a few years ago, she would bring her pimento cheese to family parties... last year Barb and I were able to enjoy her company more, as we went to lunch often with her, Aunt Carolyn, And Joyce... We will miss her!! Wanda*
