“ *Even though I haven't heard from her in over 6 years, I still know that she has 3 daughters and 2 sons. She also has 9 grandchildren, 1 step grandchild, and 3 great grandchildren. She was very involved in Sonrise church while living in Maryland before moving to Florida to be closer to her youngest daughter. She remained involved in TOPS through different chapters.*

In her younger years she was a hard worker, then became a crafter and travelled to shows to share the amazing things that she and her husband had made.

God loves her, and even though she thought she could cook....she couldn't. Her Turkey was always white and gravy always lumpy. But that's ok. Because in the years that she was able to have her ENTIRE family around the dinner table for holidays, that was when she was the most happy.
