“ Janet Baker - Daughter posted a condolence Mom was a very strong woman having raised my 2 brothers and me after my dad died back in June of 1965. In the last few years there were many things I said to you from my heart but the dementia kept you from remembering not only my words but me. I am so sad that you are gone but you lived a good life and are now with dad.....he waited a long time to see you again. I love you and miss you but your memory will always be in my heart and in my head. Your loving daughter Janet.

“ Pat - former daughter-in-law posted a condolence When I first met Elsie, way back in 1966, I was scared to death of her. What a whirlwind she was and she stayed that way for years to come. After she moved to Florida she softened a bit, but was still a force to be reckoned with when the need arose for her. I respected her for that. There wasn't anything I wouldn't have done to help her if she'd needed me. I so enjoyed the holidays we had and all the dinners with her and Dave.. such fun they both were, even in her later years. I miss her and Dave. Janet, Jeff, grandkids and great grandkids, I am sorry for this loss, but know that her life gave you memories too beautiful to ever forget.
