“ *I have just today found out my dear friend passed away. I have been trying to call for several weeks. My heart goes out to the family. I can say she was definitely sassy when she was feeling her oats. I will truly miss our lunches and talks. I just pray she was not home alone when she passed. COVID has taken away so much from our lives. I loved her dearly.*

“ *We loved Auntie Frances. I am so grateful that she helped take care of me when I was a baby and helped my Mom babysit our kids when we were in Florida. This is her first (and maybe only) selfie. She was so excited to have one ;-)*

“ I remember when Fran came to a Green family reunion and she decided to adopt our family since it was a fun bunch of people. When shopping anywhere with my mom Louise and my cousin Joann we would always look for frog knickknacks for Fran for her collection. We will miss her smile and her sense of humor.
