“ You were already gone before I even knew you were sick
It broke my heart that I never got the chance to say how much you
meant to me! We were such close friends for so very many years
and you know I loved you dearly . I loved your whole family and I
still do but you were very special to me for so very long my kids still
call you uncle Frankie! I didn't see you much before you passed but
you can believe you have been on my mind all these years and we
will meet again one day in heaven and I know that's where you will
be because you had a heart of gold I wouldn't trade one single
memory I'll always remember the good times and the bad times and
all the years that we were friends it really was always close to my
heart and will remain that way until we meet again love you and
miss you

“ I love you uncle Frankie!!! I think of you everyday and still can't
believe your gone. I think of you always being on beulah rd sitting in
your chair outside. You have made major memories during my
childhood that I'll never forget. Thank you for teaching me to slow
down and just take my time, weather its just sitting down talking to
someone the right way or to stop and look around. I'll remember
your garden that you tended to and always showed me when I went
to visit. Oh so many memories that we have made. I pray that you
rest easy with grandma and grandpa, and now to join you is your
brother. I love you and miss you very much! Tell daddy I love him
and miss him dearly! Fly high my angel!
